

Fubbles®

Bubble Blastin' Machine

Notes to Parents:

- Install batteries prior to filling with bubble solution. See bottom of box for battery installation instructions.
- For best results, use premium brand batteries.
- Remove foil from solution bottle and discard.
- Slowly pour solution into front raised spout on the right side front face of bubble machine. Do not overfill above spill hole on the left side of front face.
- Press top activation button to turn on.
- Allow bubble machine at least 45 seconds to get bubbles blowing from bubble wands as they rotate.
- Do not pull on bubble wands.
- Do not place fingers or objects inside rear fan grill opening.
- Avoid putting fingers inside moving wands when machine is activated.
- Do not immerse toy in water.
- Turn off machine when not in use.
- To empty solution from reservoir, tilt forward to pour out of spout. Do not allow solution to flow into slots behind bubble wands.
- Wipe with cloth to clean.
- Adult supervision recommended.

Important Battery Warnings:

- Use only fresh "AA" (1.5v) batteries.
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
- Non rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the unit before being charged.
- Rechargeable batteries are only to be charged under adult supervision.
- Only batteries of the same or equivalent type as recommended are to be used.
- Batteries are to be inserted with the correct polarity.
- Exhausted batteries are to be removed from the unit.
- The supply terminals are not to be short-circuited.
- Check that all contact surfaces are clean and bright before installing batteries.
- Remove batteries if the toy is not used for a long period of time.
- Do not immerse toy in water.
- Dispose of batteries safely.

Installing the Batteries:

- Battery installation should be done by an adult.
- Loosen screw of battery door with a Phillips head screwdriver.
- Remove battery door and place 4 "AA" (1.5v) batteries as indicated in the battery compartment.
- Replace battery door cover and tighten screw. Do not overtighten.
- See important battery warnings.

**Easy
to
use!**

**Motorized!
Blows Tons
of Bubbles!**
