

Light Up Bubble Blaster by Fubbles

3+

**Blows
Streams of
Bubbles!**

How to Use:

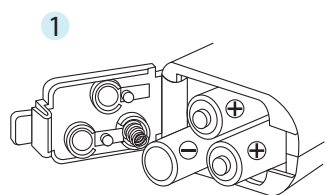

1. Insert 3 "AA" (1.5v) batteries into the compartment as shown.
2. Screw the solution bottle as shown, the clear tube must go in the bottle.
3. Pump the solution through the tube by holding the trigger down for 15 seconds. Pull trigger 5-6 times to make endless bubbles and have fun!
4. After each play, rinse using water.

Installing the batteries:

- Battery installation should be done by an adult.
- Loosen screw of battery door with a Phillips head screwdriver.
- Remove battery door and place 3 "AA" (1.5v) batteries as indicated in the battery compartment.
- Replace battery door cover and tighten screw. Do not over tighten.
- See important battery warnings.

Important Battery Warnings:

- Use only fresh "AA" batteries.
- Do NOT mix old and new batteries.
- Do NOT mix alkaline, standard (carbon zinc), or rechargeable (nickel-cadmium batteries).
- Non rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the unit before being charged.
- Rechargeable batteries are only to be charged under adult supervision.
- Batteries are to be inserted with the correct polarity.
- Exhausted batteries are to be removed from the unit.
- The supply terminals are not to be short-circuited.
- Check that all contact surfaces are clean and bright before installing batteries.
- Remove batteries if the toy is not used for a long period of time.
- Do not immerse toy in water.
- Dispose of batteries safely.

4.5V = 3 X AA/LR6
